By submitting this "Results Submission Form" to the 1394 Trade Association the COMPANY identified above, by submitting this document to the 1394 Trade Association hereby agrees to the terms and conditions of the "FireWire Compliance Trademark License Agreement" and or the "i.LINK Compliance Trademark License Agreement" as they relate to any product registered with the 1394 Trade Association Compliance Logo Program.

Also, by submitting this "Results Submission Form" to the 1394 Trade Association the COMPANY identified above hereby grants permission to the 1394 Trade Association to

¹ In the future the 1394TA will require certified compliant 1394 cables be shipped with products wishing to use the compliance logos. This requirement will be instituted by the 1394TA when an adequate supply of certified compliant connectors are available.

publish on the 1394 Trade Association website information found in entry 4, 9, 10, and 11. In turn, the 1394 Trade Association will not publish any other information found in this document without written permission of COMPANY.

Results Submission Form Instructions

Entry 1: Test ID is assigned by the 1394TA after the results form is submitted. The ID is used to correlate results/information about the specific product being tested.

Entry 1a: Date the test results form is submitted to the TA.

Entry 2: Company ID is assigned by the 1394TA when the logo license agreement is signed. This ID is used to correlate all information submitted by Company.

Entry 3: 1394TA Member (Yes or No) indicates whether or not Company is a 1394TA member. Self-Test companies must be 1394TA members.

Entry 4: Name of Company whose product results are being submitted. This name will be published on the 1394 Trade Association website therefore the most complete name should be used.

Entry 5: Name of Contact for Company.

Entry 6: Phone number of Contact.

Entry 7: Address of Contact.

Entry 8: Email address of Contact.

Entry 9: Descriptive name of the product. This name will be used on the 1394TA website to describe the product therefore COMPANY should use the most appropriate description for this product. (Example: DVHS – VCR with “feature xyz”, HDD – External HDD with automatic back-up, etc...)

Entry 10: Model number of product. This model number will be published on the 1394 Trade Association website therefore the most complete model number should be used.

Entry 10a: For Host Controller Products, please include the PCI Vendor ID and Product ID.

Entry 11: Provide the Product Category type of the product whose results are being submitted. Please see Product Category list for details. This Product Category will be published on the 1394 Trade Association website therefore the correct Product Category shall be used.

Entry 12: (Optional) List the make and model number of each unique cable type sold with the product. This information will be used to determine if the 1394TA Compliance Logo Program has certified the cable(s) used.

Entry 13: Please provide the 1394TA assigned Certified Laboratory #. If a Self-Tester then the Certified Laboratory # and Company ID will be the same.

Entry 14: If the product was tested by a Self-Test, or Third-Party Certified Laboratory, please list each device used in the Private Plugfest replacement test. Please see the specific Private Plugfest replacement test for your specific product category.

Entry 15: Please list each device used in the Network Test Suite test. For details please see the specific Network Test suite test for your specific product category.

Entry 16: Please provide a complete list of tools (i.e., QP-1394TSA version 1.0), test specifications (20022020 Version 1.0) used and or referenced to generate the test results.

Entry 17: Is this product the parent device from which other device will claim ‘*tested by similarity*’? Answer Yes or No.

Entry 18: If you answered **No** to Entry 18, this is not a parent device; please provide the Test ID of the parent. This will be used to access the parent devices results to help determine if ‘*tested by similarity*’ is appropriate.

Entry 19: If you answered **No** to Entry 19, this device is not eligible for “Similar Product” classification, and sections 14 through 16 above need to be completed.
